Only one month...

About one month we will meet you in Apeldoorn. We are looking forward to see you there. The organizing sportclubs are busy to make the sport-schemes. In the office we are making the accreditations. We hope everything is ready before 27 June. Despite the bad weather outside, we hope we will meet you in Apeldoorn with the beautiful sun of Holland. We want to, but we can't arrange it.

At the moment we have an office in the city, but during the Games we will have the office in the Meetingpoint. The Meetingpoint is the place where we come together, every day, for lunch and dinner. In the Meetingpoint are also all the meetings, such as for the Teammanagers and the Members.

There is a donorcongress on Friday 29 June in one of the hotels. The congress got the name "Successes in Donorregistration". Different Experts will tell the developments in organ donation in the healthcare. We understood that the minister of Volksgezondheid (Healthcare) will visit the Donorcongress.

We are busy to make a link between the Games and the Donorcongress.

For the rest, it is important to check everything. We got all the information from the teammanagers and we compare this with our information.

So we still have to do a lot of things.

Latest news

On 14 May last, the EHLT-Games held a sponsor meeting. The sponsor meeting was in the evening. Despite the low attendance, the evening was a huge succes. The speeches were nice to listen to and the catering was great. We have got a big confidence in the catering during the Games.

The sports badminton and table tennis will not be organized in the Omnisport, but in Sporthal Mheenpark.

Manager Transport

Sim Spit, Manager Transport of the LOC, is ready. Everything is provided. The appointments with the transportcompany are made. This week he will make the timeschemes, so you, who need transport during the games, can expect that you have transport. He, Sim Spit, and the transportcompany are ready for it.

Registrations

After the closure of the registrations on 15 April we still got some. Now we have reached a total of 430 participants and supporters. We are glad with this number of registrations. We closed the registrations after 9 May definitely. From now on it is not possible anymore to register you for the Games.
