---

In honour of European Organ Donation Awareness Day 2018, the IHLTA will be staging our own day in the Mater Hospital on Friday October 12, 2018.

We will have information stands situated at the Eccles Street door to the hospital as well as in the corridor near the NCR entrance. As such, we would ask members who might be interested in manning the stands for a time to contact us.

To register your interest, please email [secretary@ihlta.com](mailto:secretary@ihlta.com) stipulating your preferred time. Thanks as always.

Please pop by and say hello should you happen to be in the hospital on the day.
